ABOUT

When Gaby moves to the city with her daddy and papa, she is convinced that the sirens she hears are the howling of the Big Red Fire Dog. Gaby's desire to meet the Big Red Fire Dog leads her on an adventure that takes her across the city and teaches her that what we think about the world isn't always so and that what matters the most is how we can help others.

At Gaby's request, half of all author profits from the sale of this book will be donated equally to the International Association of Firefighters and the Humane Society of the United States. The other half will be spent on dog treats!
